People all over the world celebrate many different festivals. Below, you can read about some of them.

Harvest festivals

Harvest festivals are held in many countries. They celebrate the food that has been grown and harvested to last throughout the winter.

In this country, harvest festivals take place at the end of September. Many schools make displays of food and flowers. They also give food to charity.

Sometimes, bakers will make special harvest loaves. These loaves are shaped like wheat to celebrate the harvest. Wheat is important because it is used in many types of food, including bread.
